

CUSTOM PRINT ON DEMAND - The Deluxe Collection

All artwork is printed on a deluxe fine art paper, which is bright white in colour. This fine art paper has a raised matt coating, that has been specially designed for high-quality fine art and the excellent bright white base with a 255gsm weight, creates an archival quality paper with an incredible colour gamut.

All photographic subjects are printed on deluxe photographic paper, which delivers a highly saturated result by offering maximum ink coverage and a high D-Max for true photographic reproductions. The lustre surface reproduces a finish that has been traditionally favoured by leading professional photographers and this paper is engineered to give the highest resolution and colour saturation possible.

Deluxe Custom/Bespoke prices are determined by the size of the paper. To calculate the retail price, just add the height to the width and multiply as detailed below.

- Orders can be placed either in Imperial or Metric sizes, please specify clearly.
